Cambodian power distribution box configuration manufacturer

Overview

Since 2016, MAUSO has been granted as “authorized panel builder” for Legrand cabinets and enclosures for Cambodian market.

Key Takeaways

Key manufacturers of power distribution boxes in Cambodia include GV Industries, ATS Solutions, MAUSO Co., Ltd., and EEPS Co., Ltd., offering both standard and customized electrical distribution solutions.GV Industries Sdn Bhd

Based in Phnom Penh, GV Industries specializes in manufacturing cabinets and metal enclosures for industrial automation, networking, telecommunication, and power applications. They provide Power Distribution Units (PDUs) such as the 6 Gang IEC320 C13 PDU with 16Amp DP MCB, and offer fast service and high-quality equipment racks and enclosures suitable for industrial and commercial use .

ATS Solutions

ATS Solutions is a leading Cambodian electrical and automation solutions provider established in 2007. They design, supply, and manufacture customized electrical distribution and automation systems according to international standards. Their services include engineering support, system integration, and project-specific solutions for energy distribution, making them a reliable partner for complex installations .

MAUSO Co., Ltd.

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

MAUSO (Mekong Automation Solutions) has been an authorized panel builder for Legrand cabinets and enclosures in Cambodia since 2016. They focus on electrical power distribution and automation for buildings and industries, offering high-quality, reliable panels and acting as a professional consultant and system integrator. MAUSO emphasizes technical standards, safety, and continuous technology updates .

EEPS Co., Ltd.

EEPS specializes in Building Automation Systems (BAS), Medium Voltage Distribution, and Grid Automation. They provide MEP installation, preventive maintenance, and import electrical products such as switchboards, switchgear, and transformers. EEPS also focuses on renewable energy solutions, including solar and energy storage systems, making them suitable for environmentally conscious projects .

Summary

For businesses or projects in Cambodia seeking power distribution boxes or electrical panels, these four companies offer a range of solutions from standard PDUs to fully customized distribution systems. GV Industries is ideal for industrial enclosures, ATS Solutions for tailored electrical systems, MAUSO for high-quality panel building and integration, and EEPS for medium voltage and renewable energy-focused installations. Each company provides technical support and compliance with safety and international standards.
