ZITHA TECH SPECIALTY CABLES (Pty) Ltd

18 Spectrometer Tray

Overview

The Grant Instruments TS18 is a high-quality stainless steel test tube and microtube tray specifically designed for use with the Aqua Pro LSB18 18-litre linear shaking digital water bath. Optimize your workflow with the Agilent Cary 60 UV-Vis spectrophotometer. The 18-cell changer ensures efficient, user-friendly analysisDuring the design and development of your SPECTROmeter careful consideration was given to the following points: For fast and prompt delivery, all necessary spare parts and consumable items are shipped by our logistics center. You can place your order by phone, fax, letter, email or on our Website. Thermo Scientific™ Peltier Accessories for the Thermo Scientific™ Evolution™ One, Evolution™ One Plus and Evolution™ Pro UV-Vis Spectrophotometers provide thermostatting and ramping with precise temperature control which is important for many UV-Visible analysis methods. Engineered to withstand rigorous laboratory environments, this robust tray serves as an essential accessory to. Specialized sample, cell holders and accessories used in spectrophotometers; used for a variety of applications, and available in various materials. Radial Spray Chamber Adaptor; Adaptor for connecting the spray chamber to centre tube holder, for; use with iCAP 6000 Series Radial instruments only. The utility trays range in height from 1 centimeter up to 20 centimeters with rounded or square corners, lipped handles, or slotted for draining liquids. Sterilizing trays and instrument trays.
