1. ALBaith Lighting Located in Manama, ALBaith Lighting offers perforated cable trays in aluminium or steel, ranging from medium to ultra heavy duty. They provide a full system including straight sections, fittings, covers, and accessories, suitable for various installation requirements . 2. Bahrain Switchgear & Lighting Industries (BSLI) BSLI manufactures a wide range of cable trays and trunking with modern computer-controlled machinery, ensuring high accuracy and quality. They cater to diverse customer needs and provide technical support for specifications and installation . 3. Navitas Electricals WLL Navitas produces and installs cable trays in different dimensions, compliant with NEMA VE-1, BS, and European standards. They supply complete systems with fittings and accessories for commercial, industrial, and public works projects . 4. Amad Baeed Electrical W.L.L. With over 26 years of experience, Amad Baeed delivers cable trays, trunking, and complete cable management solutions for major projects like Bahrain International Airport and Four Seasons Hotel. They provide end-to-end solutions including supply, installation, and technical support . 5. Cable House Cable House is a recognized cable tray manufacturer and exporter in Bahrain, offering durable and reliable products. They provide customized solutions, competitive pricing, and a wide range of cable management products including trays, crimping tools, and cable glands . 6. Ameeri Industries / AMETECH Ameeri Industries manufactures GI cable trays, ladders, and trunking under the AMETECH brand. They offer high-quality cable management systems and installation services for industrial and commercial projects . 7. Bahra Electric Bahra Electric provides metal and non-metallic cable trays, ladders, and trunking with modular designs for easy installation and maintenance. Their products comply with IEC 61537, NEMA VE-1, and BS EN ISO standards .

Considerations for Selection
• Material and Duty Rating: Choose trays based on load requirements (light, medium, heavy, or ultra-heavy duty).

• Standards Compliance: Ensure products meet NEMA, BS, or IEC standards for safety and durability.

• Installation Services: Some suppliers provide full installation support, which can simplify project execution.

• Customization: Many manufacturers offer tailored solutions for specific project needs.

• Project Experience: Companies like Amad Baeed and Navitas have experience with large-scale infrastructure projects. For procurement or technical inquiries, it is recommended to contact the companies directly via their websites or provided phone numbers to request quotations, product catalogs, and installation support.
