MP Husky is a founding member of the USA Cable Tray Institute and has over 55 years of experience producing high-quality cable tray systems. They manufacture aluminum, galvanized steel, stainless steel, fiberglass, PVC-coated, single rail, and wire mesh/basket cable trays. Their products meet NEMA, UL, CTI, and CSA standards and are widely used across industries, including industrial, commercial, and data centers . Atkore (US Tray) specializes in made-to-order cable trays built to NEMA standards and UL certified. Their product line includes Eagle Basket wire mesh trays, I-Beam cable trays, and C-Channel swage trays. They also offer tray covers, wire management accessories, and high-strength cable cleats for secure installations . Snake Tray focuses on aluminum and steel cable trays designed for efficient cable management and power distribution. Their solutions are tailored for data centers, solar installations, transit systems, and other commercial applications, emphasizing cost-effective and fast installation . Chalfant Manufacturing provides a comprehensive line of cable tray systems, including innovative self-connecting options. With over 70 years of experience, they offer tailored solutions and actively participate in industry organizations to enhance cable tray production and installation . Selco Manufacturing Corp. produces custom cable trays from aluminum, fiberglass reinforced plastic (FRP), galvanized, and stainless steel. They serve construction, utility, electrical, and marine industries, offering engineering and design support alongside their products .

Additional Notable Manufacturers

Other reputable US manufacturers include Cable Ties and More, L.A. Woolley Electric, Inc., Power Engineering Co., Inc., Panduit, and Excellerate, providing a variety of materials such as galvanized steel, carbon steel, PVC, and FRP, with applications ranging from hospitals and office buildings to industrial and marine environments .

Key Considerations

When selecting a cable tray manufacturer, consider:

• Material options: Aluminum, steel, stainless steel, fiberglass, PVC-coated

• Compliance: NEMA, UL, CSA certifications

• Customization: Made-to-order trays, self-splicing or self-connecting systems

• Industry suitability: Data centers, industrial plants, marine, solar, or commercial buildings

• Support services: Engineering, design, logistics, and installation assistance These manufacturers provide a broad spectrum of solutions to meet diverse cable management needs, ensuring compliance, durability, and efficient installation.
