Promet Metalwork Plant in Almaty is one of the major cable tray producers in Kazakhstan. They manufacture metallic cable trays in various types, including perforated and non-perforated steel sheets, along with covers for additional cable protection. Their production includes feeder circuit support constructions, clamping elements, and ladders. Promet offers high-precision metal bending, cutting, and perforation, and can handle complex orders for multiple metallic structures, including delivery and installation services . The Anchors LLP, based in Atyrau, provides cable tray systems with distinctive slot patterns for flexible installation. Their products range from light-duty to extra heavy-duty trays and are available in finishes such as hot-dip galvanized, deep galvanized, pre-galvanized, stainless steel, and powder-coated options. They also supply a full range of fixings and fittings to support installation . Cable House is another recognized manufacturer and supplier in Kazakhstan, offering cable trays along with hose clamps, cable ties, crimping tools, and industrial connectors. They provide customized solutions and emphasize high durability and reliable performance. Cable House serves both national and international markets, ensuring quality control and customer support . Kazenergocable JSC is primarily a cable and wire manufacturer but also provides mounting equipment, including cable trays, junction boxes, and explosion-proof cable entries. With over 25 years of experience, they operate multiple branches in Kazakhstan and maintain a production capacity exceeding 15,000 tons per year of aluminum wire rod, supporting large-scale industrial projects .

Services and Capabilities

These plants not only manufacture cable trays but also offer:

• Customization for specific project requirements

• Delivery and on-site installation

• Accessories and fittings for flexible cable routing

• Compliance with industrial standards for durability and safety

Conclusion

For projects requiring cable tray systems in Kazakhstan, Promet, The Anchors LLP, Cable House, and Kazenergocable are reliable options. They provide a variety of metallic cable trays, installation support, and customization services, catering to both industrial and telecommunication sectors .
