ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Cable tray punching and forming equipment

Overview

Cable tray manufacturing relies on a coordinated production line of specialized machines: a roll forming line shapes the profile, a CNC press brake handles secondary bending, a punch press creates mounting holes and ventilation slots, and a shearing line cuts the finished. Cable tray manufacturing relies on a coordinated production line of specialized machines: a roll forming line shapes the profile, a CNC press brake handles secondary bending, a punch press creates mounting holes and ventilation slots, and a shearing line cuts the finished. HOPEX Fully Automatic cable tray punching machine HOPEX Fully Automatic cable tray punching machine is a cutting-edge solution for steel cable tray manufacturing. It combines rolling, punching, cutting and forming in one, realizing full automation with consistent product quality. The machine is. The cable tray punching machine is a specialized piece of equipment designed for producing precise holes and slots in cable trays used for electrical wiring management.

HOPEX Fully Automatic cable tray punching machine

HOPEX Fully Automatic cable tray punching machine is a cutting-edge solution for steel cable tray manufacturing. It combines rolling, punching, cutting and forming in one, realizing full automation with

high-speed cable tray roll forming machine | efficient production line ...

cable tray roll forming machine automates precise forming of steel cable trays, with customizable profiles, high-speed production, and durable components. Ideal for electrical construction and

Cable Tray Manufacturing Machines: Press Brake, Punch Press

Learn which machines make cable trays — roll forming, press brake, punch press, and shearing line. Step-by-step process guide, specifications, and machine selection tips for 2026.

Cable Tray Roll Forming Machine

At Lotosforming, we specialize in designing and manufacturing state of the art roll forming machines, including those used for producing cable trays. Our machines

Cable Tray Punching Machine

Utilizing advanced automation technology combined with precise punching, bending, and cutting processes, this machine efficiently completes the forming and

Cable Tray Forming Machine with Punching | HOPEX

The HOPEX cable tray forming machine with punching system is a fully automatic production line designed to manufacture high-quality cable trays for electrical

Cable Tray Punching Machine | Automatic & Customizable Solution

The cable tray punching machine is mainly used to punch holes, slots, and special patterns on metal sheets before or after forming. It supports materials such as galvanized steel, stainless steel, and

Cable Tray Production Line | Cable Tray Roll Forming

Our production line is equipped with intelligent punching, roll forming and synchronous cutting modules, which can flexibly adapt to different specifications

Cable Tray Production Line | Cable Tray Roll Forming

The cable tray production line is an intelligent mechanical integrated system designed for the production of cable tray systems, which realizes the precise

Cable Tray Making Machine

The key components like forming stations, cutting dies, punching dies, welding electrodes etc. are customized to produce cable trays in different sizes and specifications. Advanced cable tray

Cable Tray Roll Forming Machine

Multi Size Cable Tray Roll Forming Machine Our latest version of the multi-size cable tray roll forming machine can produce various lengths and heights, suitable

Cable Trays

Our lines are suitable to manufacture cable trays, in different widths and heights, by just changing the coil and rollforming width. The whole line is electronically

Cable Tray Roll Forming Machine

Efficient cable tray roll forming machine for producing perforated or solid cable trays. Fully automatic, high speed, and customizable for various sizes.

Cable Tray Machine

Our range of products include automatic cable tray metal punching machine, cable tray perforating machine, semi automatic cable tray roll forming machine and ms

harga cable tray

Product Application The cable tray roll forming machine is capable of making different sizes of cable trays through replacing punching moulds.The cable trays produced by this roll forming production

Cable tray roll forming line

Find out all of the information about the DIMECO product: cable tray roll forming line . Contact a supplier or the parent company directly to get a quote or to find out a

Cable Tray Machine | Cable Tray Punching Machine

Invest in our advanced Cable Tray Machine and enhance your cable tray manufacturing capabilities. Contact us today to explore our range of equipment, discuss your specific requirements, and

Cable Tray Roll Forming Machine: The Ultimate 2025 Guide

Overview of Cable Tray Roll Forming Machines A Cable Tray Roll Forming Machine is a specialized piece of industrial equipment designed to manufacture cable trays from metal coils. The
