ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Can cable trays be used to connect cables Price

Overview

Choose from our selection of cable tray connectors, including cable and hose trays, steel formable cable and hose trays, and more.

Key Takeaways

Cable trays range from $0.80 to over $260 per unit depending on type, material, and size, while connecting cables and accessories typically cost between $0.58 and $30 per piece.Cable Tray Pricing Overview

Material and Type Impact Cost:

• Steel trays are the most common and cost-effective, priced from $0.80 to $76.77 per meter for industrial applications, with galvanized or perforated options available .

• Aluminum trays are lightweight and corrosion-resistant, generally slightly higher in price.

• Stainless steel trays offer superior durability and corrosion resistance, costing $1.8 to $155.99 per unit depending on size and length .

• Wire mesh or basket trays are versatile and easy to install, with prices ranging from $1.5 to $160.99 per tray depending on dimensions and material .

• Ladder-type trays for heavy-duty applications can cost $1.0 to $218.99 per meter for pre-galvanized or aluminum options . Size and Load Capacity:

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

• Smaller under-desk trays for home or office use cost $15–$34 per unit, often with no-drill installation .

• Larger industrial trays, such as 12 ft ladder trays, can cost $108–$260 depending on width and load capacity .

Cable Tray Connecting Cables and Accessories

Couplers, clamps, and splice hardware are essential for connecting and securing trays:

• Couplers: $1.45–$8.70 per piece depending on size and material .

• Clamp washers and hold-down clamps: $0.58–$5.49 per piece, sold in packs for bulk installation .

• Wireway connectors and end caps: $8–$12 per unit for steel or powder-coated options .

• Specialized brackets and hangers: $9–$30 per piece depending on design and load support .

B2B vs B2C Pricing

• B2C (Amazon, Zoro): Focused on small-scale or home office installations, prices are higher per unit but require no minimum order, e.g., $15–$34 for under-desk trays .

• B2B (Alibaba, industrial suppliers): Bulk orders reduce per-unit cost significantly, with industrial trays starting as low as $0.80 per meter for perforated steel or wire mesh trays .

Key Considerations

• Material Selection: Choose steel for cost-effectiveness, aluminum for lightweight and corrosion resistance, or stainless steel for long-term durability.

• Installation Method: Modular, tool-free, or no-drill trays reduce labor costs.

• Compliance: Ensure trays meet safety standards like UL 870 or CSA C22.2 for professional installations .

• Future Expansion: Consider scalability and availability of compatible connectors and accessories. By evaluating material, size, and installation requirements, you can select cable trays and connecting cables that balance cost, durability, and ease of installation for your specific project.
