ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Compatible Low-Temperature Resistant Access Switches

Overview

Switches Manufacturers & Suppliers in Kyrgyzstan | TrademoFind and discover Switches manufacturers and suppliers for all products in Kyrgyzstan, featuring.

Key Takeaways

Low-temperature resistant access switches suitable for harsh environments can be sourced from verified Kyrgyzstan suppliers through trade platforms, with options including Euroswitch and ABB industrial-grade switches.Supplier Options in Kyrgyzstan

• Trademo – Offers a directory of switches manufacturers and suppliers in Kyrgyzstan, including shipment details, trade volumes, and verified contacts. Importers can identify suppliers capable of providing industrial-grade switches suitable for low-temperature applications ( ).

• Volza – Provides access to over 3,100 verified Kyrgyzstani exporters, including companies supplying electrical and industrial components. Users can filter by product type, export history, and reliability, enabling targeted sourcing of low-temperature resistant switches ( ).

Recommended Low-Temperature Resistant Switches

• Euroswitch FS, ES, RS Series – Proximity and limit switches designed for extreme environments. Features include:

• Operation in wide temperature ranges suitable for cold climates.

• Hermetically sealed switching elements for durability.

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

• Multiple contact types: SPCO/SPDT, DPCO/DPDT, 2-wire NAMUR.

• Voltage compatibility up to 240V AC/DC.

• Certifications for hazardous zones (ATEX, IECEx, UL/CSA, TRCU, INMETRO) ( ).

• ABB Limit Switches – Mechanically robust switches converting movement into electrical signals:
• Mechanical durability up to 30 million operations.

• Variety of actuators and casings for industrial applications.

• Suitable for low-temperature and harsh environments ( ).

Sourcing Strategy
• Step 1: Use Trademo or Volza to identify Kyrgyzstan-based suppliers with experience in industrial switches.

• Step 2: Verify product specifications for low-temperature operation, voltage range, and certifications.

• Step 3: Contact suppliers directly to confirm availability, lead times, and shipping options to Kyrgyzstan locations.

• Step 4: Consider global manufacturers like Euroswitch or ABB if local suppliers cannot meet extreme temperature requirements, as they often provide international shipping and technical support. By combining local supplier directories with industrial-grade switch manufacturers, you can source reliable, low-temperature resistant access switches suitable for harsh environments in Kyrgyzstan.
