ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Cost of installing fiber optic cables on pole lines

Overview

Fiber optic cable installation costs between $1,500 and $7,000 for your home, with prices varying by cable length and installation method. The installation type you choose and the layout of your property determine the total labor and materials needed for your project. You should account for permit. Whether you need singlemode, armored, or indoor plenum, this guide gives you the exact cost per foot of fiber optic cable — including installation — so you can budget without guesswork. Data aggregated from Q1 2026 contractor invoices across Texas, Ohio, and North Carolina. Cost per foot of fiber. The Fiber Broadband Association has partnered with Cartesian to research the cost of deploying fiber and provide insight on how these costs are evolving over time. Conduit systems add $2-4 per foot but allow future cable additions.
