ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Direct Sales Manufacturer of Yin-Yang Type Optical Attenuators

Overview

It is a high-tech enterprise specializing in the research and development, manufacturing and sales of optical fiber products.

Key Takeaways

Yin-Yang type optical attenuators are available directly from manufacturers in China, offering fixed and adjustable attenuation for fiber-optic systems.Product Overview

Yin-Yang type optical attenuators are fiber-optic passive devices designed to reduce optical power to a target value while maintaining signal integrity. They typically combine the functions of an adapter and attenuator, allowing easy integration between fiber optic patch cords or devices. These attenuators are used for receiver protection, instrument calibration, CATV, MANs, WANs, and FTTx applications. They offer accurate attenuation, high reliability, and compliance with IEC, RoHS, and Telcordia-GR-910-CORE standards ( ).

Manufacturer Options

Several manufacturers provide direct sales of Yin-Yang type optical attenuators:

• Naku Optics: Offers SC/PC Yin-Yang type plastic optical attenuators in bulk (e.g., 10 pcs per set) with adjustable attenuation values suitable for optical links ( ).

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

• SZBYNET: Supplies LC UPC Yin-Yang 1dB fixed fiber optic attenuators. They provide quotations within 24 hours, accept T/T, PayPal, and L/C payments, and support multiple shipping options including DHL, FedEx, air, and sea freight ( ).

• Jiangsu Weite: Offers online attenuators, adjustable attenuators, and Yin-Yang attenuators for optical signal attenuation, suitable for both standard and custom applications ( ).

• Alibaba Suppliers: Numerous Chinese factories list Yin-Yang type optical attenuators for direct purchase, allowing buyers to source products at factory prices ( ).
Ordering and Customization

To purchase directly from manufacturers:

• Send an inquiry specifying product type, quantity, and standards required.

• Request a quotation; most manufacturers respond within 24 hours.

• Discuss customization if needed, including attenuation range, connector type, or packaging.

• Arrange payment and shipping: Options include T/T, PayPal, L/C, and shipping via express, air, or sea freight. Terms like EXW, FOB, CIF, and DDP are often available ( ).
Advantages of Direct Purchase
• Lower cost compared to distributors.

• Access to factory customization for specific attenuation values or connector types.

• Direct technical support and potential factory visits to verify quality and production processes ( ). For bulk or specialized orders, contacting manufacturers like SZBYNET, Naku Optics, or Jiangsu Weite directly is recommended to ensure competitive pricing, compliance with standards, and timely delivery.
