Hengtong Group (China) Hengtong Group is one of the largest optical fiber and power cable manufacturers in China, ranking among the top three globally. The company produces a wide range of optical cables, including non-metallic types, and operates 12 manufacturing facilities with sales offices in over 40 countries. Hengtong emphasizes innovation in optical fiber communication, submarine cables, and emerging materials, and provides integrated solutions across the communication value chain, including quantum private communication and broadband network construction (Hengtong Group), . Shenzhen ZhaoXian Special Optical Cable Technology Co., Ltd. (China) Founded in 2015, ZhaoXian specializes in all-dielectric self-supporting (ADSS) cables, OPGW, marine cables, 5G cables, FTTH access cables, anti-rodent cables, and underwater cables. The company has a professional R&D team, advanced production equipment, and a strict quality management system. ZhaoXian serves multiple industries including power, communication, and marine engineering, providing technical consultation and after-sales support (Shenzhen ZhaoXian), . Taihan Fiberoptics (South Korea) Taihan Fiberoptics is South Korea's only manufacturer of optical fiber preforms and the largest producer of optical fiber in the country. With over 37 years of experience, Taihan produces a portfolio of optical cables ranging from aerial to high-density narrow cables, supporting ultra-high-speed networks and global network innovation. The company emphasizes vertical integration and compliance with international standards (Taihan Fiberoptics), . Shandong Yibo Optronics Technology Co., Ltd. (China) Established in 2012, Yibo Optronics focuses on R&D, production, and sales of optical cables and communication equipment. Their product range includes ADSS, OPGW, mining cables, FTTH drop cables, patch cords, and related accessories. The company holds ISO9001, ISO14001, ISO45001 certifications and national network access approvals, and has been recognized as a high-tech and specialized enterprise (Shandong Yibo Optronics), .

Summary

These East Asian manufacturers provide a comprehensive selection of non-metallic optical cables suitable for power, communication, marine, and 5G applications. They combine advanced R&D, international certifications, and global distribution networks, making them reliable partners for large-scale projects and specialized optical cable solutions.
