Greek Explosion-proof Distribution Box Supplier

Overview

Warom Explosion Proof Equipment | ATEX IECEx Explosion-proof Warom specializes in manufacturing explosion-proof electrical equipment, with products coverin.

Key Takeaways

Array Trading and Atex Delvalle are leading suppliers of explosion-proof distribution boxes in Greece, offering ATEX and IECEx-certified solutions for hazardous environments.Array Trading

Array Trading specializes in supplying explosion-proof electrical equipment suitable for environments with flammable gases or dust, including refineries, chemical industries, and pharmaceutical facilities. They provide ATEX-certified products for hazardous zones 1, 2, 21, and 22, ensuring compliance with European safety standards. Their offerings include complete packages of explosion-protected electrical equipment, including distribution boxes, control units, and audio-visual signaling devices. Array Trading collaborates with leading European manufacturers to deliver high-quality, reliable solutions for industrial applications in Greece and worldwide (Array Trading) .

Atex Delvalle

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Atex Delvalle manufactures custom-made explosion-proof distribution boxes and local control stations. Their products are available in stainless steel (AISI 304L and 316L) or GRP (polyester) enclosures, designed to withstand extreme temperatures and outdoor conditions. They offer fully configurable control stations, terminal boxes, and junction boxes, all ATEX and IECEx certified, suitable for zones 1, 2, 21, and 22. Atex Delvalle emphasizes robust design, worldwide certifications, and tailored solutions for hazardous areas, making them a reliable choice for industrial projects in Greece (Atex Delvalle) .

Key Features to Consider
• Certification: Ensure products are ATEX and IECEx certified for the specific hazardous zone.

• Material: Stainless steel or GRP enclosures for durability and corrosion resistance.

• Customization: Ability to configure terminals, operators, and cable glands according to project requirements.

• Application: Suitable for chemical, petroleum, marine, and mining industries. Both Array Trading and Atex Delvalle provide high-quality, certified explosion-proof distribution boxes and related equipment, making them suitable partners for industrial projects in Greece requiring compliance with international safety standards.
