ZITHA TECH SPECIALTY CABLES (Pty) Ltd

High-tech Trough-type Cable Tray Manufacturer

Overview

Cable Tray Systems Over the past 55+ years, MP Husky US Cable Tray has engineered and manufactured the most reliable, Trough Trays | Cable Tray and Reels |.

Key Takeaways

Leading manufacturers of high-tech trough-type cable trays include JLH Electric, MP Husky, and HAURATON, offering advanced, certified, and customizable cable management solutions.JLH Electric (Shandong, China)

JLH Electric specializes in custom cable tray solutions, including cable trays, cable trunking, cable ladders, perforated trays, and wire mesh trays. They are a provincial-level high-tech enterprise with ISO 9001:2015, ISO 14001, ISO 45001, and CE certifications. Their manufacturing facility spans 10,000 square meters and is equipped with advanced machinery such as CNC punching machines, welding robots, plasma cutting machines, and automatic molding lines. JLH Electric collaborates with universities for R&D, ensuring innovative and high-quality products suitable for power distribution, control, and communication systems .

MP Husky (USA & Canada)

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

MP Husky is a leading North American manufacturer of UL, CSA, and NEMA-certified cable tray systems, including wire mesh/basket trays, cable bus systems, and nuclear-grade trays. Founded in 1955, MP Husky emphasizes reliability, innovation, and eco-friendly manufacturing. Their products are widely used across industrial, commercial, and institutional applications, offering high strength-to-weight ratios, modularity, and easy system expansion. MP Husky provides extensive customer support and engineering services for complex cable management projects .

HAURATON (Europe)

HAURATON produces trough-type cable systems designed for safe and secure routing of electrical cables, pipes, and utilities. Their systems include fibre-reinforced concrete and recycled composite troughs with solid, non-slip covers and boltless locking mechanisms for quick installation and maintenance. HAURATON troughs are suitable for industrial buildings, airports, stadiums, warehouses, and railway projects, offering high lateral stability and flexible cable entry points .

Key Considerations

When selecting a high-tech trough-type cable tray manufacturer, consider:

• Certifications: ISO, CE, UL, CSA, NEMA compliance ensures quality and safety.

• Material and Design: Options include metal, wire mesh, concrete, and composite for different load and environmental requirements.

• Customization and Modularity: Ability to adapt to complex layouts and future expansions.

• Global Support: Manufacturers with international presence or distribution networks can provide faster delivery and technical assistance. These manufacturers represent some of the most advanced and reliable options for industrial and commercial cable management projects, offering both standard and customized solutions to meet diverse technical requirements .
