How much does a 24-pin junction box cost

Overview

Junction box costs range from low-price indoor models ($10-$60) to weatherproof units ($70-$450), with installation averaging $100-$300 depending on location and materials. The final price depends not only on the box itself, but also on. The retail price for a junction box varies widely, directly reflecting the material and specialized features needed for the application. Small, standard thermoplastic boxes designed for indoor single-gang switches or outlets are the most budget-friendly option, typically costing between $0. Finish: Powder Coating (Surface Pickling & Passivization), has superb mechanical properties. The IP65 protection level ensures protection from dust, moisture, water, rain, snow, oil, etc. Cost. Order Debox 24A In-line Junction Box 50 x 102 x 28. Screwfix customers rate this product 4. FREE next day delivery available, free collection in 1 minute. Return this item within 90 days of purchase.
