ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Hungarian relay protection device manufacturer

Overview

Protecta Smart Line protection and control relays have been designed to be the main or back-up protection in utility and industrial power system.

Key Takeaways

has a track record of more than half a century in the production and development of electromechanical and solid state protective devices. R&D engineers of the former state-owned Electric Power Research Institute constitute the core staff of the company. specializes in developing protective devices for high- and medium-voltage applications, focusing on safety through their advanced fault protection relays and automatic controllers. With over 50 years of experience, the company offers innovative solutions that enhance the. Volza's Big Data technology scans over 2 billion export shipments on over 20 parameters to Suppliers who are a perfect match and most likely to work with you. According to Volza's Relay Protection export data of Hungary, there are a total of 724 Relay Protection Suppliers in Hungary, exporting to. We take pride in being a top RELAYS manufacturer in Hungary, providing a wide selection of high quality relays that meet international performance and safety standards. View all relay buyers based on products in Hungary. Subscribe to global trade data intelligence to discover new business. Protecta Electronics Ltd.
