# ZITHA TECH SPECIALTY CABLES (Pty) Ltd

# Is the distribution box supplied by the manufacturer

## Overview

ODM (Original Design Manufacturer) involves a manufacturer providing a pre-designed product that can be slightly customized under the client's brand. The ODM factory designs, develops, and manufactures the electric distribution box, holding the intellectual property rights to the. The distribution box (DB box) helps safely and efficiently distribute electrical power. Today, electrical systems are essential for homes and industries. Our flexible distribution boxes enable reliable, decentralised signal transmission and power transmission up to protection class IP67 – wherever passive distribution boxes are required. From cost-effective indoor solutions to corrosion-resistant options for harsh environments, our range ensures durability and reliability across diverse applications. In this case, the client owns the design, intellectual property, and has full control over customization.
