ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Lightweight cable trays available in stock

Overview

Cable Tray & Accessories WBT Performance Cable Tray, Shaped 4"X8"X118", Pregalvanized. Provides optimal support for high-performance data cable, up to Cabl.

Key Takeaways

Lightweight cable trays, including aluminum, mesh, and perforated types, are available from online retailers, industrial suppliers, and specialized manufacturers.Online Retailers

• Amazon offers a wide range of cable trays suitable for home or office use, including under-desk trays, wire mesh, and cord organizers. Many products are lightweight and easy to install, with options for self-adhesive or clamp-mounted designs for small-scale applications (Amazon.com) .

• Lowe's provides tray electrical wire and cable solutions, including lightweight copper and aluminum trays suitable for residential and commercial installations, with options for in-store pickup or online ordering (Lowes.com) .

Industrial and Commercial Suppliers

• McMaster-Carr carries over 850 wire cable tray products, including lightweight aluminum and PVC options, with same-day or next-day delivery for industrial projects (McMaster.com) .

• RS Components offers a variety of cable trays, including channel, ladder, solid-bottom, and perforated types. Lightweight aluminum and PVC trays are available for commercial and industrial use, with technical support for selecting the right tray (RS-online.com) .

• Graybar stocks cable trays and fittings from brands like B-Line, Cablofil, and Eaton, including aluminum ladder and mesh trays that are lightweight and suitable for large-scale installations (Graybar.com) .
Specialized Manufacturers
• Legrand (Cablofil) provides wire mesh cable trays that are strong yet lightweight, ideal for data centers, industrial facilities, and commercial buildings. They offer accessories, splicing kits, and dropouts for flexible installation (Legrand.us) .

• MP Husky and EAE Electric specialize in aluminum cable trays, which are approximately half the weight of steel equivalents, corrosion-resistant, and easy to install. These trays are suitable for both indoor and outdoor applications, including industrial and infrastructure projects (MPHusky.com, EAEelectric.com) .

• Vashi Integrated Solutions offers mesh, ladder, perforated, and unperforated lightweight trays with supports and accessories, ideal for industrial, commercial, and infrastructure projects. They provide bulk ordering and fast delivery across India (Vashiisl.com) .
Key Considerations
• Material: Aluminum trays are lightweight, corrosion-resistant, and easier to install than steel. Mesh trays offer flexibility and easy modification.

• Type: Ladder trays support heavy cables, perforated trays allow ventilation, and solid-bottom trays protect cables from dust or liquids.

• Installation: Look for trays with pre-punched holes, clamp mounts, or self-adhesive options for easier setup.

• Compliance: Ensure trays meet relevant standards such as UL, CSA, or NEC for safety and durability. By choosing from these suppliers, you can find lightweight cable trays suitable for your specific project, whether for home, office, or industrial installations.
