EPEPK is a prominent cable tray manufacturer in Pakistan, supplying a full range of cable trays including perforated, ladder, wire mesh, and solid-bottom types. They serve industrial, commercial, and solar infrastructure projects across Lahore, Karachi, Faisalabad, and Islamabad, ensuring compliance with load capacity and safety standards . Electric Power Engineering produces high-quality ladder, perforated, and wire mesh cable trays suitable for factories, data centers, hospitals, and commercial buildings. Their products meet IEC and NEMA standards and are available in galvanized and stainless steel for long-term durability . Tech&Tray offers a variety of cable management systems, including ladder, perforated, solid-bottom, wire mesh, and channel trays. Their solutions are designed for easy installation, scalability, and safety compliance, making them suitable for offices, industrial plants, and data centers . Power Electro Mechanical Engineering (Pemepk) provides end-to-end solutions, including design, manufacturing, supply, and installation of cable trays. They manufacture trays in galvanized steel, stainless steel, aluminum, and powder-coated finishes, catering to commercial, industrial, and infrastructure projects .

Types of Cable Trays
• Ladder Cable Trays: Ideal for heavy-duty industrial and solar projects, providing strong support and ventilation.

• Perforated Cable Trays: Commonly used for indoor electrical wiring, offering airflow and heat dissipation.

• Wire Mesh Cable Trays: Lightweight and flexible, suitable for low-voltage and IT networks.

• Solid-Bottom Cable Trays: Fully enclosed for maximum protection against dust and physical damage.
Material Options

Manufacturers in Pakistan offer trays in mild steel, galvanized steel, stainless steel, and aluminum, often with powder-coated finishes for outdoor corrosion resistance .

Considerations for Selection

When choosing a manufacturer, consider:

• Material quality for durability and corrosion resistance.

• Customization options for width, height, and finish.

• Nationwide supply and installation services for large-scale projects.

• Compliance with international standards like IEC and NEMA. These manufacturers provide reliable solutions for straight-through cable tray systems, supporting safe, organized, and efficient cable management across Pakistan.
