ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Price of 288-core fiber optic cable junction box

Overview

Product Description The Model SP-GJS-288P FOSC is mainly used for optical fiber connection and protection.

Key Takeaways

The price of a 288-core fiber optic junction box typically ranges from approximately $150 to $400 USD, depending on the supplier, type, and features.Pricing Overview
• eBay listings for 288-core fiber optic splice closures show prices around $150–$250 USD for standard outdoor dome-type enclosures with IP68 protection and multiple splice trays .

• Alibaba and Made-in-China suppliers offer 288-core junction boxes in the range of $200–$400 USD, often depending on customization, material quality, and shipping costs .

• Specialized fiber optic suppliers like TopFiberBox and ME Fiber Optic provide high-quality enclosures with additional features such as integrated splitter slots, corrosion-resistant engineering plastics, and multiple port configurations, which can influence the price toward the higher end of the range .
Key Features Affecting Price
• Material and durability: High-quality engineering plastics or metal enclosures with IP68 sealing for outdoor use increase cost.

• Capacity and configuration: Number of splice trays, ports, and support for mini PLC splitters can affect pricing.

• Mounting options: Wall-mounted, pole-mounted, aerial, duct, or buried applications may require different designs.

• Supplier and shipping: Prices vary by manufacturer, order quantity, and international shipping fees.
Recommendation

For procurement, it is advisable to compare multiple suppliers and consider both the technical specifications and warranty. Many suppliers offer 1–2 years warranty on fiber components and enclosures, which can be important for long-term network reliability . In summary, a 288-core fiber optic junction box is generally priced between $150 and $400 USD, with variations based on features, quality, and supplier.
