Price of cable trays in Southeast Asia

Overview

How much does a meter of mesh cable tray cost in Southeast AsiaPage Content Mesh cable trays in Southeast Asia typically cost between $2 and $25 per meter.

Key Takeaways

Tray-type cable trays in Southeast Asia typically range from $25 to $100 per meter, depending on material, type, and country-specific factors.Price Overview by Country
• Philippines: Cable trays are priced between approximately ₱1,310 and ₱5,307 per unit, depending on size and material, which translates roughly to $23–$95 USD per tray .

• Indonesia: Local suppliers like Trayindo offer ladder, wire mesh, and perforated trays, with prices varying by thickness and type; for example, 1.8 mm thick trays may have discounts applied, but typical reference prices are in the $30–$90 USD per meter range .

• Singapore: Industrial cable trays are available in aluminum or stainless steel, with prices influenced by corrosion resistance, load capacity, and compliance with local standards. Typical costs are $40–$100 USD per meter for standard industrial applications .
Factors Affecting Pricing
• Material: Aluminum trays are lighter and corrosion-resistant, while stainless steel trays are more expensive due to durability and chemical resistance .

• Tray Type: Ladder trays are generally more robust and slightly higher in cost than perforated or wire mesh trays, which are lighter and easier to install .

• Regulatory Compliance: Each Southeast Asian country has distinct electrical codes and fire safety certifications, which can affect supplier pricing and availability .

• Market Demand: Rapid infrastructure growth in Southeast Asia, particularly in Vietnam, the Philippines, and Indonesia, has increased demand for cable trays, influencing prices and lead times .
Practical Considerations
• Installation Complexity: Larger or more complex installations may require specialized labor, adding to overall project costs .

• Accessories and Customization: Additional components like bends, tees, and covers can increase the total cost of a cable tray system .

• Bulk Procurement: Purchasing in larger quantities often allows for discounts, especially from local distributors in Indonesia or the Philippines . In summary, tray-type cable trays in Southeast Asia generally range from $25 to $100 per meter, with variations depending on material, type, and local compliance requirements. Buyers should consider both the base price and additional costs for installation, accessories, and certification compliance when budgeting for projects.
