ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Reinforced and Durable Mesh Cable Trays

Overview

Wire mesh cable tray supplies a point-to-point pathway for cables. Made of high quality steel wire and welded into 2" × 4" rectangular grid pattern. They allow for easy access for maintenance and future expansion because cables can be laid directly into the tray rather than being pulled through a conduit. Shielden, as a. Spina Group offers a complete range of wire mesh cable trays designed for versatility and reliability in modern electrical and instrumentation installations. Its unique wire mesh design ensures excellent ventilation, preventing heat buildup, and allowing for secure cable support while. Explore our versatile and customizable offerings, designed to ensure organized and reliable cable routing, minimizing the risk of downtime and optimizing performance.

Article Content
