ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Rwanda Fiber Distribution Box Factory

Overview

SFP+/QSFP Supplier & Factory for the Rwanda MarketTailored tactical fiber cables for outdoor FTTA (Fiber to the Antenna) deployments connecting 4G/5G base.

Key Takeaways

Rwanda hosts fiber optic distribution box manufacturing and supply through local and international partnerships, supporting the country's expanding broadband infrastructure.Fiber Distribution Box Factory in Rwanda

Rwanda has a fiber optic distribution box factory operated in collaboration with Chinese suppliers, producing high-quality fiber optic distribution boxes, vibration dampers, and related equipment for both domestic and international markets . The factory emphasizes environmental protection, quality assurance, and global distribution, serving regions including Europe, America, Australia, Singapore, and South America . Customers in Rwanda and abroad are encouraged to engage with the factory for consultation and procurement.

Local Distributors and Suppliers

Nordic Distribution is a key player in Rwanda, offering a full range of fiber optic products including cables, patch cords, termination boxes, patch panels, transceivers, and media converters . They provide professional services and fast delivery across Africa, leveraging warehouses in China, the Middle East, and Africa . Their offerings support both residential and commercial fiber optic deployments.

Fiber Infrastructure in Rwanda

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Rwanda's fiber optic network is rapidly expanding, with companies like ERTEC Ltd and Broadband Systems Corporation (BSC) Ltd playing major roles. ERTEC Ltd has installed fiber optic transmission lines across multiple districts, contributing to smart infrastructure and telecom development . BSC Ltd operates the largest fiber-optic network in Rwanda, providing Fiber-To-The-Premises (FTTP) services, wholesale bandwidth solutions, and supporting Rwanda's vision to become a regional ICT hub . These networks are critical for connecting households, businesses, and regional data centers.

Summary

Rwanda's fiber optic ecosystem combines local manufacturing, international partnerships, and extensive network deployment. The fiber distribution box factory, supported by companies like Nordic Distribution, ERTEC Ltd, and BSC Ltd, ensures that Rwanda has both the equipment and infrastructure to expand broadband connectivity efficiently, supporting ICT growth and regional integration .
