ZITHA TECH SPECIALTY CABLES (Pty) Ltd

SC type fiber optic patch cord manufacturer price

Overview

Fiber Patch Cable & Patch Cord Fibermart Patch Cables are essential connectivity solutions engineered for reliable fiber link connections between equipment.

Key Takeaways

SC fiber optic patch cords are available from multiple global manufacturers, with prices influenced by fiber type, connector polish, cable length, and customization options.Manufacturers and Product Options
• Norden Communication offers SC-SC fiber patch cords globally, providing standard and customized solutions for various network applications . Pricing depends on cable length, fiber type, and order volume.

• UnitekFiber manufactures SC patch cords using high-quality Corning glass fiber, offering both single-mode and multimode options. They provide OEM services including custom colors, cable printing, and packaging design. Certifications like RoHS, UL, and CRP ensure reliability .

• Primus Cable supplies SC patch cords in single-mode (OS2 9/125) and multimode (OM1, OM3, OM4) variants. They offer different connector polish types (PC, UPC, APC) and support indoor and outdoor applications. Prices vary with fiber type, length, and performance specifications .

• Markertek/Camplex provides SC-SC patch cords in OM1, OM3, OM4 multimode and OS2 single-mode fibers. Custom lengths and connector combinations are available, with high-quality OFNR jackets and low insertion loss. Pricing is influenced by fiber type, length, and duplex/simplex configuration .

• Zion Communication offers SC patch cords with APC/UPC polish, simplex or duplex styles, and multiple fiber types including OM1–OM5 and single-mode. They focus on high-quality manufacturing from China-based facilities, with prices depending on fiber type, connector style, and customization .
Pricing Considerations
• Fiber Type: Single-mode (long-distance) cables are generally more expensive than multimode (short-distance) cables.

• Connector Polish: APC connectors typically cost more than UPC due to lower return loss and higher precision.

• Cable Length: Longer patch cords increase material costs.

• Customization: OEM options like color coding, printing, and packaging can add to the price.

• Quantity: Bulk orders often reduce per-unit cost.
Summary

SC fiber optic patch cords are widely available from manufacturers like Norden Communication, UnitekFiber, Primus Cable, Markertek, and Zion Communication. Prices vary based on fiber type, connector polish, cable length, and customization, with single-mode and APC-polished cords generally being more expensive. For accurate pricing, it is recommended to request a quote directly from the manufacturer or distributor, specifying the required fiber type, length, and connector configuration.
