Smart Home Lighting Distribution Box

Overview

These devices combine traditional modular wiring boxes with intelligent DALI lighting control, saving on equipment whilst still providing a plug and play lighting solution. Then, it splits the power into smaller circuits. Each circuit sends power to different rooms or things in your home. This setup helps keep your house safe and lets you control electricity better. Your home distribution box should do more than just split. This smart home central control box enhances comfort by monitoring environmental conditions like temperature and illuminance, while centrally managing lighting and home appliances. Lighting control is facilitated through communication interfaces such as RS-485, DALI, and Wi-Fi, while home appliance. Covering defined areas with I/Os for automation of light, blind and room temperature. Usually. The only modular DB BOX with style. Get our durable and. ABB Drives is a global technology leader serving industries, infrastructure and machine builders with world-class drives, drive systems and packages. We have designed new 32CH Smart Distribution Panel With Energy Monitoring.
