Special power distribution box for surveillance

Overview

A CCTV power supply box, also known as a power distribution box, allows surveillance system installers to easily manage the power to multiple CCTV cameras at a central point (usually at the location of the DVR). This allows your camera installation to be neater. For example, instead of having 8. Get the best deals on Power Distribution Box Security Camera Power Supplies when you shop the largest online selection at eBay. Combined with RG59U siamese cable or video baluns, wiring becomes neater and easier to manage from one source. Instead of. □Long-lasting Performance□With an independent PTC fuse and LED indicator for each output, our power supply box offers general protection, guaranteeing reliability for over 100,000 hours of continuous operation. Includes Extra Fuses & Screw Driver 9 Port High Power Security CCTV Camera Access Control Power Distribution Box 12V DC 10 Amp PTC Protection, with 9. Electrical boxes and enclosures provide secure housing for wiring connections, power distribution components, and device terminations in surveillance and access control systems.
