1. Shielden Shielden offers a wide range of cable trays made from stainless steel, galvanized steel, aluminum, and fiberglass-reinforced plastic (FRP/GRP), ensuring durability in harsh environments, including offshore and industrial applications. Their trays are corrosion- and fire-resistant, and they provide custom solutions tailored to project needs. Shielden supports ladder, perforated, wire mesh, solid bottom, and channel trays, making them versatile for various installations and industries . 2. Ebo Systems Ebo Systems specializes in GRP (Glass-fiber Reinforced Polyester) cable trays, which are highly resistant to corrosive environments, extreme temperatures, and heavy loads. With over 60 years of experience and a global presence in 27 countries, Ebo Systems is recognized for high-quality, durable, and reliable cable management solutions. They also provide technical advice, planning, and installation services, making them a full-service partner for demanding projects . 3. Atkore International Atkore is a global manufacturer known for its extensive portfolio of cable tray systems, including waterproof and industrial-grade options. They offer both standard and custom solutions, with a focus on quality, compliance, and long-term reliability. Atkore products are widely used in construction, renovation, and industrial projects, and they provide extended warranties in many cases .

Key Considerations When Choosing a Supplier
• Material Selection: Stainless steel and GRP are ideal for wet or corrosive environments. Aluminum is lightweight and strong, while galvanized steel offers cost-effective corrosion resistance .

• Certifications: Look for suppliers whose products meet NEMA and UL standards to ensure compliance and safety .

• Customization & Support: Reliable suppliers should offer custom sizes, shapes, and installation guidance, along with post-installation support .

• Reputation & Experience: Suppliers with decades of experience and a global presence, like Ebo Systems and Atkore, are more likely to deliver consistent quality . For projects requiring waterproof, corrosion-resistant, and durable cable trays, Shielden, Ebo Systems, and Atkore are highly recommended due to their material expertise, global reach, and proven track record in industrial and offshore applications.
